HOBIT Updates

Dive Log Version 4

An updated version of the dive log is now available in the HOBIT toolbox, under, “Chamber Resources”. Instructions for completing this form are on page 2 of the log.

We like to remind study teams to :

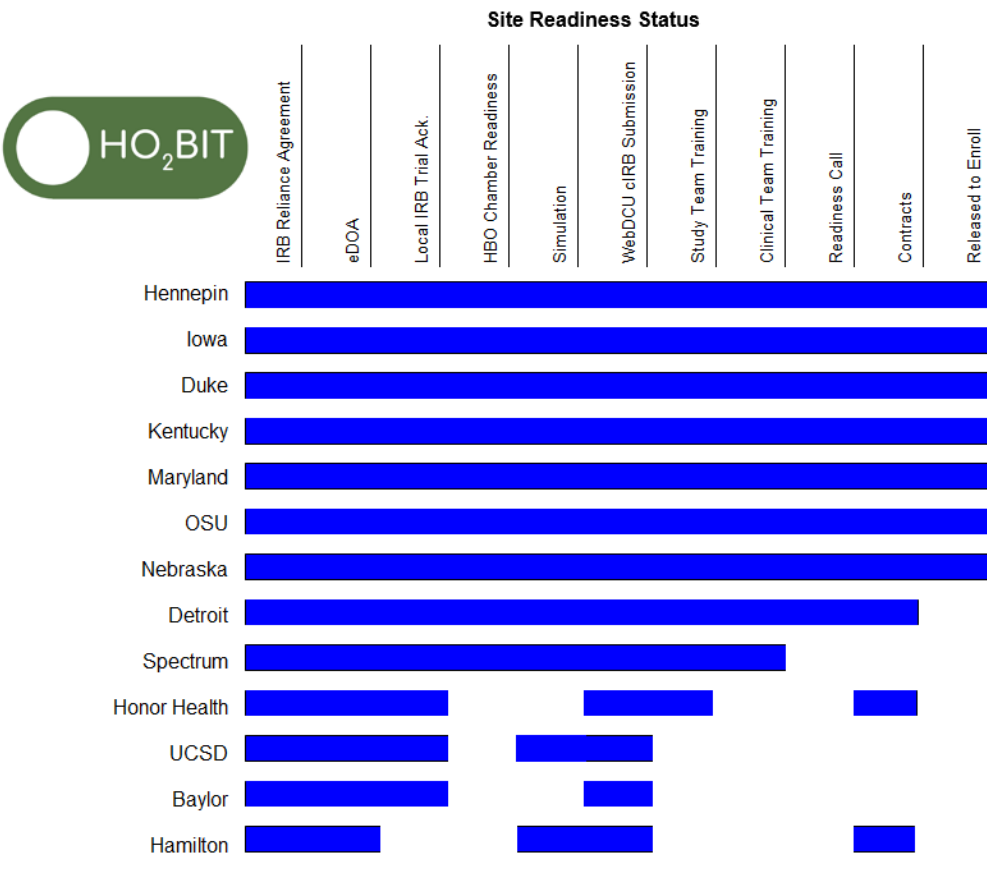
1. Only use this latest version of this form from the HOBIT website toolbox.

2. Only use this HOBIT form for recording the HOBIT treatment data and upload this form to WebDCU.

3. If possible, for consistency, please have only one individual complete this form.

Monthly Monitoring Log

We want to remind study teams to conduct monthly follow-up phone calls with enrolled subjects/LAR during their time of enrollment for the first 6 months post-randomization. These calls are essential to maintaining contact with subjects/LAR and decreasing the likelihood of “loss to follow-up” at the 6-month visit. A log of all calls is documented in the Monthly Follow-up Log in WebDCU under the **Study Progress** tab. More instructions are available in the MOP on page 17 section 3.6.1.

Virtual Investigator Meeting


Please save the date for the HOBIT 2019 Virtual Investigators Meeting which will be held on June 11th from 11:00am – 12:30pm ET; and on June 13th from 3:00pm – 4:30pm ET.
