HOBIT NEWS

Hyperbaric Oxygen Brain Injury Treatment Trial Newsletter

Reminders:

+The next NETT/ SIREN Steering Committee Meeting is September 26nd at 12pm EST where Iowa will discuss their 1st enrollment & lessons learned

+The next NETT/ SIREN Study Coordinator Meeting is Oct 2 at 1pm EST

University of Iowa & Clinics —1st Participant Enrolled

Congratulations to Iowa! Iowa has enrolled their 1st participant into HOBIT! Great job!

Scottsdale-Healthcare Osborn — Local IRB Trial Acknowledgment & cIRB Tables Uploaded

Great job to Scottsdale-Healthcare Osborn for submitting their Local IRB Trial Acknowledgment letter into WebDCU, as well as completing their cIRB tables!

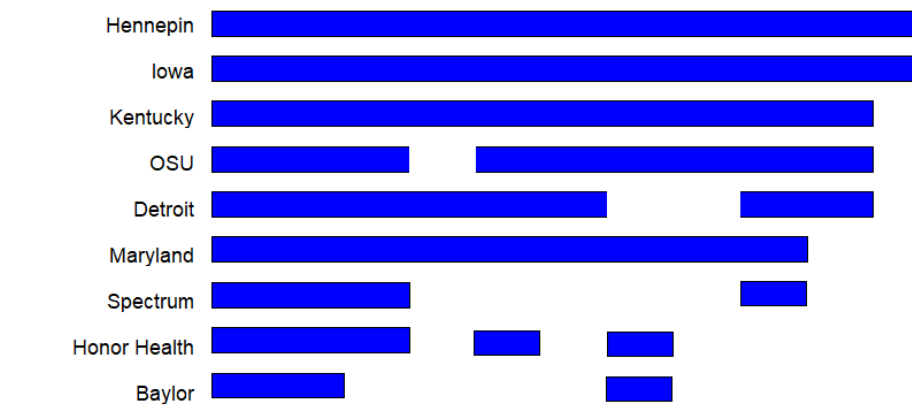
OSU & Maryland — Readiness Calls Complete

Nice job to both OSU & Maryland for their hard work to prepare for the readiness calls!

Detroit Receiving — HBO Chamber Ready

Thanks to Detroit Receiving for completing the HBO Chamber Readiness checklist

We currently have 3 sites open to enrollment: Hennepin, Iowa, & Duke



HOBIT Updates

New Resources in the HOBITTRIAL Toolbox

Hyperbaric Oxygen Information Handout

The central IRB has approved the Hyperbaric Oxygen Information Handout that that should be provided to the LAR in addition to the informed consent. This documents contains additional information on hyperbaric oxygen treatment and why it's being used in the HOBIT Trial. Please see section 3.3 of the MOP for more information. The Handout and cIRB approval letter can be found in the HOBIT toolbox.

Laminated Cards for Chamber

Iowa has shared 2 examples for laminated cards they used in the chamber and on the ventilator during study treatment. Sites can identify the treatment group the participant has been randomized to, along with start and stop times for treatment. An example can be found in the "Chamber Resources" section of the toolbox. Iowa has also shared another example to help ensure that the FiO2 is returned to baseline after the 3-hour period has completed for those randomized to NBH group. Study teams can affix these cards to the ventilator and be marked with dry erase markers. Thanks to Iowa for providing these resources!

eConsent Reminder

We want to remind sites that have been provided the eConsent production link to only use this link for real enrolling participants. If you would like to test the eConsent, please use the training link that was provided. If you have these links bookmarked on your computer or tablet, make sure there is a clear distinction between the 2 to avoid using the incorrect link.
