

**REMINDERS**

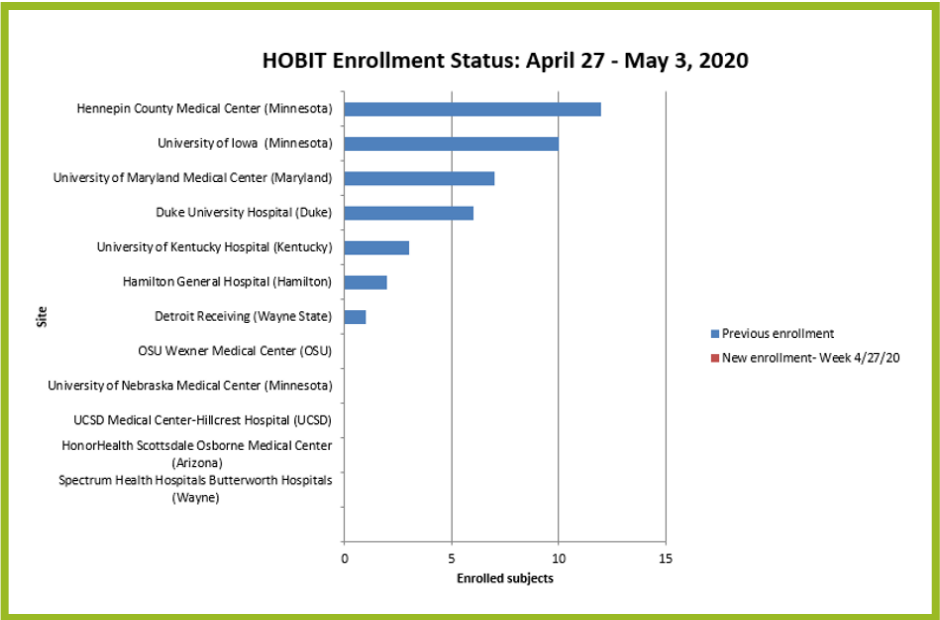

**NETT/SIREN Steering Committee Call**

May 27th at 12pm ET

*During this timeout for research...  
Update in WebDCU*

*Community Consultation  
Public Disclosure  
Local Context Form*

*You'll be glad if you do this now, because things are going to get busy!*

## HOBIT Updates

Research restrictions have been lifted and **Duke** is now open for enrollment. *Go Duke!!*

The **Hamilton** team has reorganized and will be ready to go when released from their hold. *Strong work Canada!*

First time using EFIC site **Spectrum**, is blazing a trail in their Grand Rapids, Michigan hospital. *HOBIT is #1!*

The **University of Iowa** is conducting their first EFIC Community Consultation Event using **ZOOM!**

The **University of Maryland** goes Facebook Live! for their Community Consultation during this time of restrictions!

There is much we are unable to do during this time of COVID restrictions. However, you should still be working toward being able to enroll using EFIC as soon as things begin to open. We understand conducting CC events during COVID 19 restrictions can be tricky. We continue to update our supplemental EFIC guidance document with specific examples to help sites operationalize remote or virtual events. Here is the [link](#) for your immediate reference.

Remember, the **HOBIT Milestone Document** is a good reference for all EFIC start-up activities and tasks

**Be Creative!!**
