## Kudos.....

- Congratulations to the new EFIC Approved Sites **Hennepin, Detroit Receiving and Maryland!**
- Great job to **Maryland** for having 2 enrollments in 2 consecutive weeks!
- Hard work pays off for **Hennepin** and **Maryland** who have their first EFIC enrollments!

## Upcoming Meetings

HOBIT GOSE Quarterly Meeting  
(Blinded Assessors and PSC)  
September 8, 2021 @ 12:00pm ET

SIREN Study Coordinator Call  
September 14, 2021 @ 1pm ET

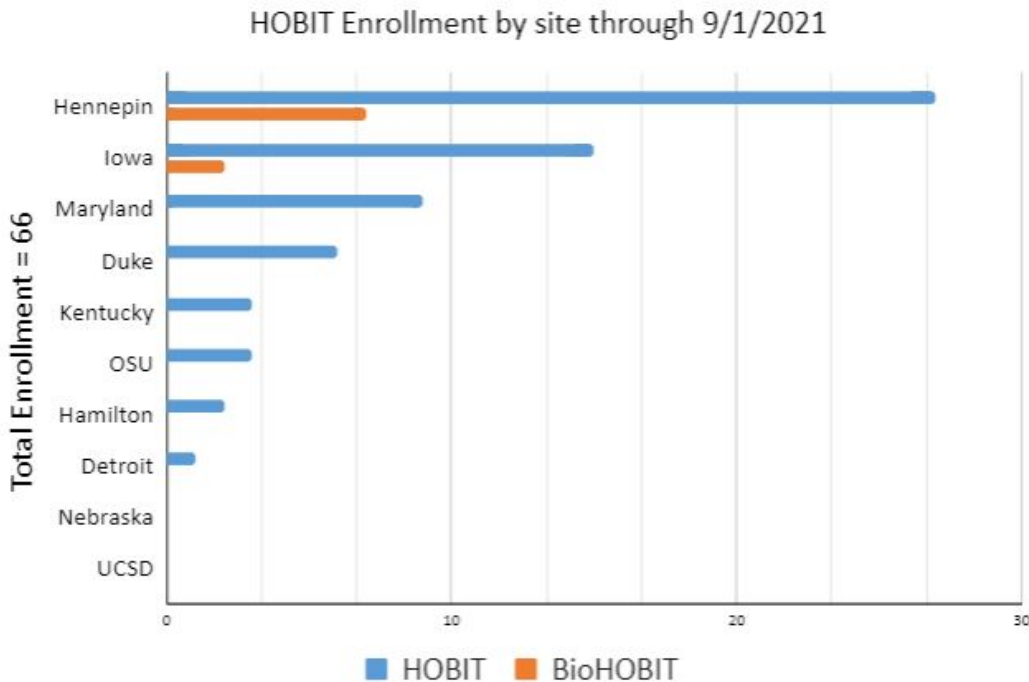

SIREN/NETT Steering Committee  
September 22, 2021 @ 12pm ET

---

## Enrollment Update

HOBIT: 66  
BioHOBIT: 9

**\*\* Aim to enroll every HOBIT subject in BioHOBIT \*\***

Please continue to screen diligently and enter screen failures in WebDCU

---

## CLINICAL UPDATES

- On a case-by-case basis, HOBIT leadership may allow the enrollment of potential subjects who do not have an ICP monitor placed post decompressive craniotomy, because the treating neurosurgeons do not think it is clinically indicated. If you have such a potential subject, **call the HOBIT PI hotline to discuss it further. (833-462-4874)**

- For patients receiving NBH treatment, use a timer to ensure that subjects don't get more than 3 hours of NBH treatment. **Contact the CCC if you need a timer.**
- 

### **\*\* Outcomes Clarification \*\***

For non-English speaking subjects, a trained medical interpreter should be used whenever feasible. In rare situations where the time window for outcome assessment is about to close, a bilingual family member may interpret for the participant and/or caretaker.

---

## **Dont Forget...**

**WebDCU Data Freeze on September 27th**  
**Please enter all CRFs and respond to all DCRs**  
**PIs and PSCs - Complete the Barriers Survey for your site**
