OHSU NETWORK SIREN RENEWAL GRANT

Update: Jeremy Brown shared that the FOA for the renewal is now anticipated to be released in September with a December submission deadline. He also shared some details we can expect to be included: Additional funding for new and current hub sites (expected to be \$250,000/year); and include a \$50,000/year in education funds per hub for a fellowship program. At our network meeting we will discuss fellow recruitment strategies and our vision to open this up to any network partner with a strong candidate.

It does appear our timeline will be tight for collecting all the necessary pieces once the FOA is released. As the award hub, we are creating templates and draft documents that we can quickly update once we have the details requested in the FOA. We will send out the ‘spoke packet’ to you ASAP so that you can have the maximum amount of time to gather your site’s information.

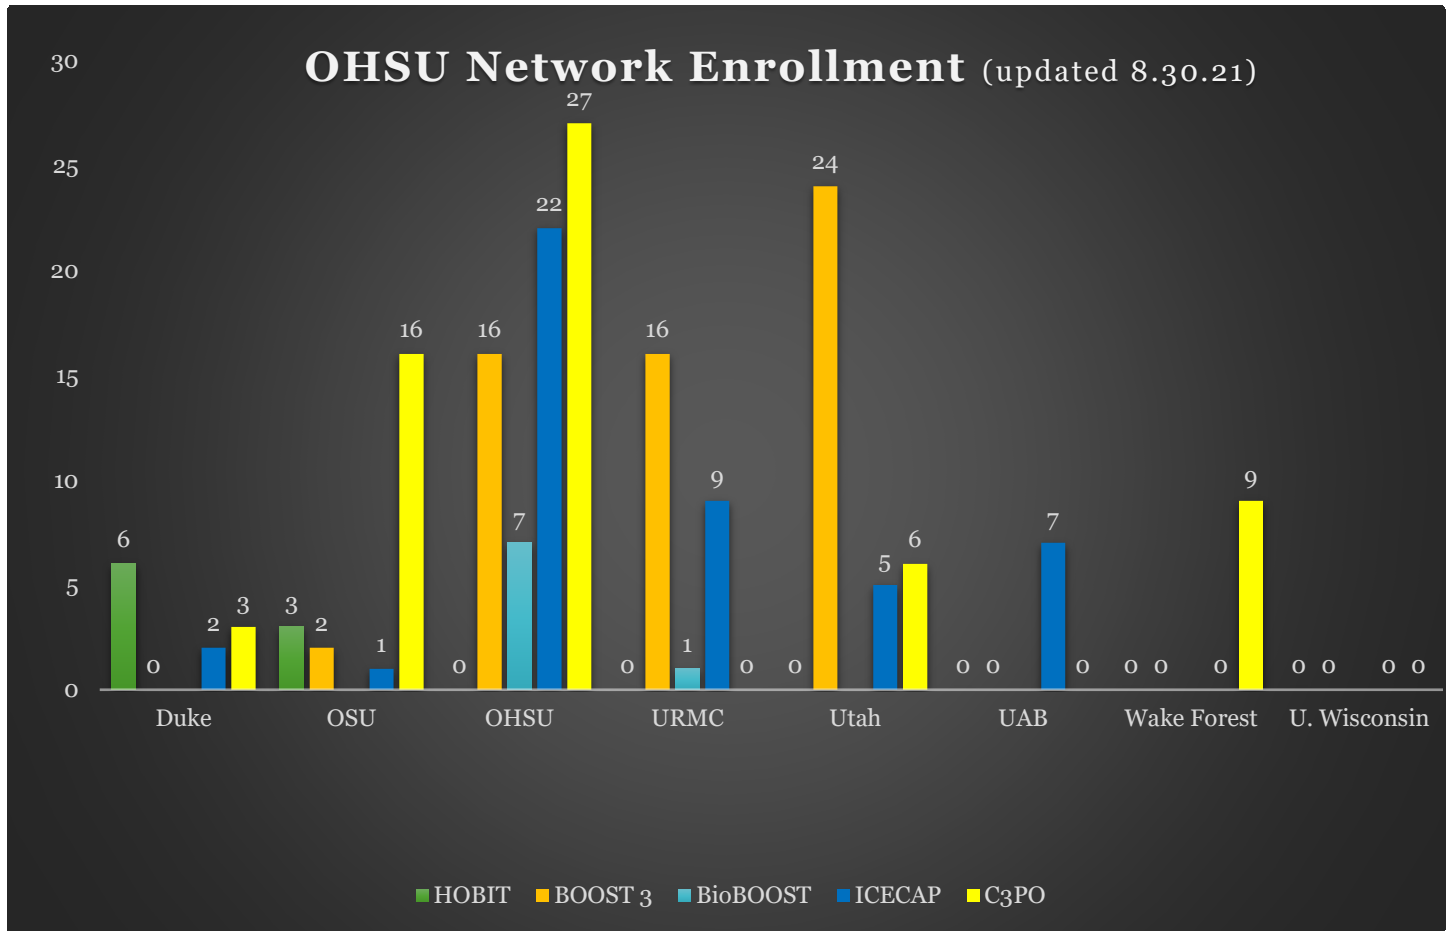

As we prepare for renewal, there are a few things your teams

can do:

1. Keep your CRF’s current – direct data entry into WebDCU is best practice when practical. We realized that sometimes it’s just simpler to write it down on paper and then transpose work into the electronic database, but until the data is in WebDCU, it’s invisible to the study.
2. Keep your regulatory documents current. There are a number of missing or expired regulatory documents in the system right now. Please submit as many of these as soon as possible.
3. Know where to find your hospital statistics. It is likely we will ask for ED volume #’s, a breakdown of case types (for example TBI’s/year). We will send you a list of requested statistics soon after the FOA is released, so knowing where to look or who to ask will help get these turned around quickly.
4. Review the prior FOA (we expect there will be many similarities).

NETWORK NEWS & UPDATES

- Total OHSU Network enrollment: 182
 - Collectively, we have enrolled **43** more subjects than any other SIREN network Hub in the 4 primary studies. Kudos to all!

BOOST 3 NEWS & UPDATES

- BOOST 3 enrollments: 221 (Target enrollment 1094)
- **OHSU Network Enrollment: 58**
- Bio-BOOST enrollments: 17 ; **OHSU Network: 8.**
- Electro-BOOST is still in the process of starting up. More info on the website: <https://siren.network/clinical-trials/boost-3/electro-boost>

ICECAP NEWS & UPDATES

- Enrollment: 272 (Goal: 1800)
- **OHSU Network Enrollment: 46**
- Congrats to OSU for their first ICECAP enrollment!

HOBIT NEWS & UPDATES

- Enrollment: 66 (Goal: 200)
- **OHSU Network enrollment: 9**

C3PO NEWS & UPDATES

- Primary paper went to press on 8/18 <https://www.nejm.org/doi/full/10.1056/NEJMoa2103784>
- Have an idea for a secondary research paper? Submit your C3PO ideas here: Please note that additional data related to inflammatory markers as well as other tests will be available soon.
