Our Team

Principle Investigators

Robert Silbergleit, MD
Alexander Rogers, MD

Research Coordinators

Noelle Herzog
Sherry Goldfarb
Catherine Flechsig
Stephanie Johnson

Best Practice Advisories (BPA)

- We use BPA for screening and recruitment for research studies through the electronic medical record (EMR).
- BPA triggers for any patient who comes to the emergency department and...
 - Presents to the resus bays,
 - Patient is 2 y.o. or older, AND
 - With a chief complaint of seizures

Notification

- We are notified by
 - Page
 - Email
- Notification includes
 - Name
 - MRN
 - Location

Screening/Recruitment

- Notification helps RCs screen in both Adult and PEDS.
- RCs immediately monitor pt and contact clinical team once notification is received.
- Electronic notification is usually within a minute or two of triage.
- Also allows us to follow up on potential missed eligibles that occur after hours.
