

## HOW TO CHECK REWARM START DATE/TIME

1. Open your Day 1 Daily Temperature Log (F503)
2. Complete questions Qa-Q8
3. Click SAVE RECORD
4. Dismiss any-rule violation that pops up due to missing data.
5. Once all rule violations have been dismissed, click SAVE RECORD again and then click SUBMIT at the top right of the CRF.
6. Reopen the Day 1 Temperature Log.
7. **See Q10 has auto populated with your Anticipated Date and Time Rewarming Starts**
8. Reach out to [picecap-contact@umich.edu](mailto:picecap-contact@umich.edu) with subject “rewarm time question” if questions!

**REMEMBER YOU WILL LATER NEED TO GO BACK AND ENTER ALL REQUIRED TEMPERATURES FOR THIS DAY!**
